Dear Jennie

I am pleased to advise that the Public School Review of West Leeming Primary School has been completed. I endorse the report and am satisfied it will provide a basis for sustained school improvement.

The timeframe for the next Public School Review of your school has been determined through your self-assessment submission and validated by the review team as 3 years. You will receive formal notification in the 2 terms leading up to your school's scheduled review. This notification will be provided in 2028.

I acknowledge the efforts of you and your staff in creating the conditions for successful students. The areas your school and the review team validated for commendation and those for which there are recommendations for ongoing improvement are noted.

The review team observed substantial support across the broader school community, noting that the relationship with the School Board and Parents and Citizens' Association (P&C) reflect a transparent, strategic partnership that is positively impacting student engagement and learning. It was also noted that the central role of the school's Care Strategy is fostering and sustaining a supportive learning environment for students and shaping the broader culture among staff and the school community. I understand that the focus on purposeful collaboration throughout your decision making and governance structures is significantly enhancing the development of the school's pedagogical framework.

Additionally, it was reported that the strong alignment between the school's strategic and operational planning reflects a clear connection to the Department's priorities and this alignment is underpinned by robust resource planning to sustain the school's improvement agenda throughout the upcoming business plan cycle.

As stated in the initial correspondence, please make the report available to your staff and school community and upload it to your school website and/or Schools Online for a minimum period of 12 months.

I know you, your staff and school community will take the opportunity to use this report to continually improve outcomes for your students.

Yours sincerely
